

## **Statement of MELAMINE**

4th Jul. 2016

We surely certify that Calcium Carboxymethyl Cellulose (Carmellose calcium) we manufacture and export is 100% free of Melamine.

We also declare and confirm as follows :

- 1) Calcium Carboxymethylcellulose is not partly or fully derived from milk.
- 2) Calcium Carboxymethylcellulose does not contain Nitrogen in amounts greater than 2.5%.
- 3) Calcium Carboxymethylcellulose does not contained with Melamine as required by FDA Guidance for Industry "Pharmaceutical Components at Risk for Melamine Contamination" (August 2009).
